THE FINANCIAL REPORT

Management's Discussion and Analysis

The Management's Discussion and Analysis is intended to serve as an introduction to the Housing Authority's financial statements. The Housing Authority's financial statements and Notes to the Financial Statements included in this Report were prepared in accordance with GAAP applicable to governmental entities in the United States of America for Proprietary Fund types.

Financial Statements

The financial statements are designed to provide readers with a broad overview of the Housing Authority's finances, in a manner similar to a private-sector business. They consist of the Comparative Statement of Net Position, Comparative Statement of Revenues, Expenses, and Changes in Net Position, and Comparative Statement of Cash Flows.

The Comparative Statement of Net Position reports the Housing Authority's net position and changes in them. You can think of the Authority's net position, the difference between assets, what it owns, and liabilities, what it owes, as one way to measure the Authority's financial health, or financial position. Over time, increases and decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating.

The Comparative Statement of Revenues, Expenses, and Changes in Net Position presents information showing how the Housing Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of unrelated cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. - depreciation and earned but unused vacation leave).

The Comparative Statement of Cash Flows presents information showing how the Housing Authority's cash and cash equivalents position changed during the year. The statement classifies cash receipts and cash payments as resulting from operating activities, capital and related financing activities and investing activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Years Ended March 31, 2021 and 2020

The financial statements report on the Housing Authority's activities. The activities are primarily supported by The Department of U.S. Housing and Urban Development (HUD) subsidies and grants. The Housing Authority's function is to provide decent, safe and sanitary housing to low income and special needs populations. The financial statements can be found beginning on page 10.

Notes to Financial Statements

The Notes to the Financial Statements provide additional information that is essential for a full understanding of the data provided in the financial statements. The Notes to the Financial Statements can be found in this Report after the financial statements.

Supplemental information

The Financial Data Schedule, Schedule of the Authority's Proportionate Share of the Net Pension Liability, Schedule of the Authority's Contributions, and Statement of Certification of Actual Capital Fund Grant Costs are included in this Report for the purpose of additional analysis. These schedules can be found starting on page 26.

Financial Analysis of the Authority

Comparison of 2021 to 2020

The Housing Authority's net position increased during the fiscal year. Unrestricted net position indicates the Authority's ability to satisfy current obligations. As of March 31, 2021, the unrestricted net position of the Authority is \$778,881 which represents an increase of \$134,668 from the prior fiscal year. Factors related to revenue and expense are as follows: Operating revenues exceeded expenses (net of depreciation of \$70,588) by \$179,612 during the fiscal year. Investment income of \$3,202 represents a decrease of \$8,394 from the prior fiscal year. Operating grant subsidies decreased \$21,679 from the prior fiscal year. Utilities decreased by \$4,019. Maintenance expenses decreased by \$8,449 as compared to the prior year. Insurance costs slightly increased by \$305 and bad debt expense, compensated absences and pilot costs also slightly decreased by \$957 in total. Non-routine maintenance expenses were \$0 as they were in the prior year and there were no capital grants expended. Tenant rental income decreased by \$24,765 due primarily to a decrease in overall resident income as a result of Covid 19. The Housing Authority's revenues consist primarily of subsidies and grants received from HUD. The Housing Authority receives subsidies each month based on a pre-approved amount by HUD. Grants are drawn down based on need against a pre-authorized funding level.

HOUSING AUTHORITY OF THE TOWNSHIP OF FLORENCE
MANAGEMENT'S DISCUSSION AND ANALYSIS
Years Ended March 31, 2021 and 2020

The Housing Authority has been minimally affected by the 2021 Pandemic as HUD has provided additional funds in an effort to ensure there are sufficient funds to cover Pandemic related costs as well as potential lost revenue.

By far, the largest portion of the Housing Authority's net position reflects its investment in capital assets (e.g. – land, buildings, furniture and equipment, leasehold improvements, and construction in progress). The Authority uses these capital assets to provide housing services to its tenants. Consequently, these assets are not available for future spending. During 2021, the Authority recorded depreciation expense of \$70,588. A total of \$48,146 was expended for capital improvements for building renovations.

BUDGETARY HIGHLIGHTS

For the year ended March 31, 2021 grant budgets were prepared by the Authority and were approved by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of March 31, 2021, the Housing Authority's investment in capital assets for its Proprietary Fund was \$1,079,919 (net of accumulated depreciation). The investment in capital assets includes land, buildings, furniture and equipment, and leasehold improvements.

Additional information on the Authority's capital assets can be found in Note D to the financial statements, which is included in this report.

Long-Term Debt

The Housing Authority does not have any long-term debt outstanding at this time.

Comparison of 2020 to 2019

The Housing Authority's net position increased during the fiscal year. Unrestricted net position indicates the Authority's ability to satisfy current obligations. As of March 31, 2020, the unrestricted net position of the Authority is \$644,213 which represents an increase of \$209,489 from the prior fiscal year. Factors related to revenue and expense are as follows: Operating revenues exceeded expenses (net of depreciation of \$84,096) by \$157,143 during the fiscal year. Investment income of \$11,596 represents an increase of \$9,437 from the prior fiscal year. Operating grant subsidies increased \$45,445 from the prior fiscal year. Utilities decreased by \$4,285. Maintenance expenses increased by \$138 remaining virtually the same as the prior year. Insurance costs increased by \$645 and bad debt expense, compensated absences and pilot costs increased by \$1,822 in total. Non-routine maintenance expenses were \$0 representing a decrease of \$4,300 and there were no capital grants expended. Tenant rental income decreased by \$13,798 due primarily to a decrease in overall resident income. The Housing Authority's revenues consist primarily of subsidies and grants received from HUD. The Housing Authority receives subsidies each month based on a pre-approved amount by HUD. Grants are drawn down based on need against a pre-authorized funding level.

By far, the largest portion of the Housing Authority's net position reflects its investment in capital assets (e.g. – land, buildings, furniture and equipment, leasehold improvements, and construction in progress). The Authority uses these capital assets to provide housing services to its tenants. Consequently, these assets are not available for future spending. During 2020, the Authority recorded depreciation expense of \$ 84,096. No money was expended for capital improvements for building renovations.

FINANCIAL RATIOS

“Working Capital” is the amount by which current assets exceed current liabilities. The “Current Ratio”, which compares current assets to current liabilities, is an indicator of the ability to pay current obligations.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following factors were considered in preparing the Housing Authority's budget for the fiscal year ended March 31, 2021: 1) The state of the economy, particularly its effect on tenants' incomes, which are used in determining tenant rents paid to the Housing Authority, 2) The need for Congress to fund the war on terrorism, natural disasters, the current pandemic and the possible cut-back on HUD subsidies and grants, and 3) The use of the Housing Authority's Unrestricted Net Position of \$778,881 to fund any shortfalls rising from a possible recession and reduced subsidies and grants. The Housing Authority's Unrestricted Net Position appears sufficient to cover any shortfall.

Independent Auditor's Report

To the Board of Commissioners of
Florence Housing Authority
Florence, NJ

Report on the Financial Statements

We have audited the accompanying comparative financial statements of Florence Housing Authority as of and for the years ended March 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the comparative financial statements referred to above present fairly, in all material respects, the financial position of Florence Housing Authority as of March 31, 2021 and 2020, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the Authority's Proportionate Share of the Net Pension Liability, and Schedule of the Authority's Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The financial data schedule and statement and certification of actual capital grant costs are presented for purposes of additional analysis as required by the *Uniform Financial Reporting Standards* issued by the U.S. Department of Housing and Urban Development, Office of the Inspector General, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2021, on our consideration of Florence Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of Florence Housing Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Florence Housing Authority's internal control over financial reporting and compliance.

HOUSING AUTHORITY OF THE TOWNSHIP OF FLORENCE
NOTES TO FINANCIAL STATEMENTS
March 31, 2021 and 2020

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1) Nature of Organization and Operations

The Housing Authority of the Township of Florence (the Authority) is a governmental, public corporation created under the laws of the state of New Jersey to provide housing for qualified individuals in accordance with rules and regulations prescribed by the United States Department of Housing and Urban Development. The Authority was created through a resolution of the Township of Florence. It was organized as a public housing authority as defined by State statute (N.J. S.A. 4A:12A-1, et seq., the “Housing Authority Act”). The Authority functions under the supervision of the Department of Community Affairs – Division of Local Government Services (DCA). The Authority’s Board of Commissioners is a seven-member board who serve five year terms. The governing board is essentially autonomous but is responsible to the U.S. Department of Housing and Urban Development and the State of New Jersey Department of Community Affairs. An executive director is appointed by the housing authority’s Board to manage the day-to-day operations of the Authority. The Authority is responsible for the development, maintenance and management of public housing for low and moderate income families residing in Florence. Operating and modernization subsidies are provided to the Authority by the federal government.

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity is made by applying the criteria set forth by GASB. These criteria include manifestation of oversight responsibility including financial accountability, appointment of a voting majority, imposition of will, financial benefit to or burden on primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and Organizations included in the reporting entity although the primary organization is not financially accountable. The Authority has not identified any entities that should be subject to evaluation for inclusion in the Authority’s reporting entity. The Authority has concluded that it is excluded from the City’s reporting entity since the City does not designate management, does not influence operations, does not have responsibility for fiscal matters and does not have a funding relationship with the Authority. Based on these criteria, there are no additional agencies which should be included in the financial statements of the Authority.

At March 31, 2021, the only HUD-funded programs or activities administered by the Authority were:

NOTES TO FINANCIAL STATEMENTS

2) Basis of Accounting

The financial statements of the Authority are prepared using the accrual basis of accounting in order to recognize the flow of economic resources. Under the accrual basis of accounting, transactions are recognized when they occur, regardless of when cash is received or disbursed. Revenues are recognized in the accounting period in which they are earned and become measurable, and expenses recognized in the period incurred, if measurable. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Authority. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions or ancillary activities. All assets, liabilities, net assets, revenues and expenses are accounted for using a single enterprise fund for the primary government.

Revenue – The major sources of revenue are various subsidies and grants received from the United States Department of Housing and Urban Development (HUD), charges to tenants and other miscellaneous revenues discussed below.

Federal Grant Revenue – Operating subsidies and Capital Grant program revenue received from HUD are recorded under the accrual method of accounting and are recognized in the period earned in accordance with applicable HUD guidelines. The Authority is generally entitled to receive funds from HUD under an established payment schedule or as expenditures are made under the Capital Fund Program or Comprehensive Improvements Assistance Program.

Tenant Charges – Rental charges to tenants are determined and billed monthly and are recognized as revenue when billed since they are measurable and collectible within the current period. Amounts not collected at year-end are included in the balance sheet as accounts receivable, and amounts paid by tenants for the subsequent fiscal year are recorded as deferred revenue.

Miscellaneous income – Miscellaneous revenue consists primarily of miscellaneous service fees. The revenue is recorded as earned since it is measurable and available.

Report Presentation

The comparative financial statements included in this Report were prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America applicable to governmental entities for Proprietary Fund Types. The Authority implemented the provisions of Governmental Accounting Standards Board Statement No. 34 “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments” (Statement No. 34). The Authority also adopted the provisions of Statement No. 37 “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments: Omnibus”, Statement No. 38 “Certain Financial Statement Note Disclosures”, which supplements Statement No. 34. Statement No. 34 established standards for all state and local governmental entities that include a statement of net assets, a statement of activities and a statement of cash flows. It requires the classification of net assets into three components – Invested in Capital Assets, Net of Related Debt; Restricted Net Assets and Unrestricted Net Assets. Statement No. 63 “Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position” requires renaming of the statement of Net Assets to the Statement of Net Position.

The Statement of Net Position reports all assets, deferred outflows of resources, liabilities, and deferred inflows of resources and net position. These classifications are defined as follows:

Net Investment in Capital Assets – This component consists of land, construction in progress and depreciable assets, net of accumulated depreciation and net of the related debt outstanding. If there are significant unspent related debt proceeds as of year-end, the portion of the debt related to the unspent proceeds is not included in the calculation of Invested in Capital Assets. Rather, that portion of debt is included in the same net asset component as the unspent proceeds.

Restricted Net Position – This component includes net position subject to restrictions placed on net position use through external constraints imposed by creditors (such as debt covenants), grantors, contributions, or laws or regulations of other governments or constraints imposed by the law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component consists of net position that does not meet the definition of Restricted Net Position or Invested in Capital Assets.

The adoption of Governmental Accounting Standards Board Statements 34, 37, and 38 and 63 have no significant effect on the basic financial statements, except for the classification of net position in accordance with Statement No. 63.

NOTES TO FINANCIAL STATEMENTS
March 31, 2021 and 2020

Depreciation

Depreciation is computed for financial statement purposes using the straight-line method over the estimated useful lives of the related assets as follows:

Building	15 to 40 years
Leasehold improvements	15 to 20 years
Equipment	5 years
Furnishings and equipment	5 to 7 years

Taxes

The Authority is subsidized by the Federal Government. The Authority is not subject to Federal or State income taxes, nor is it required to file Federal or State income tax returns.

Grants

The Authority receives reimbursement from various grantors for the cost of sponsored projects, including administrative costs. Grant revenues are recognized in the period in which the associated cost for the grant is incurred. Grant expenditures are recognized on an accrual basis.

Tenants Accounts Receivable

Rents are due from tenants on the first day of each month. As a result, tenants receivable balances primarily consist of rents past due and vacated tenants. An allowance for doubtful accounts is established to provide for all accounts, which may not be collected in the future for any reason. Collection losses on accounts receivable are charged against an allowance for doubtful accounts.

Prepaid expenses

Prepaid expenses represent amounts paid as of year-end that will benefit future operations.

Deferred Revenue

The Authority's deferred revenue primarily consists of the prepayment of rent by residents and the receipt of HUD funding applicable to future periods.

Proprietary Fund

The Authority does not have any infrastructure assets for its Proprietary Fund.

Inter-fund transactions

Inter-fund receivables and payables arise from inter-fund transactions and are recorded by all funds affected in the period in which the transactions are executed.

Cash and Cash Equivalents

Cash and cash equivalents are stated at cost, which approximates market. Cash and cash equivalents include cash in banks, petty cash and certificates of deposit, and other investments with original maturities of less than three months from the date of purchase. Investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosure for contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period.

Option 11/30/89 FASB

The Authority has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedure issued after November 30, 1989.

Budgetary policy and control

The Authority submits its annual operating and capital budgets to the State of New Jersey Department of Community Affairs in accordance with New Jersey statute. After the New Jersey Department of Community Affairs approves the budget, it is formally adopted by resolution of the Housing Authority's Board of Commissioners. Once adopted, the Board of Commissioners may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.

Long-lived assets

Long-lived assets to be held and used are tested for recoverability whenever events of changes in circumstances indicate that the carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the fair value of the asset and long-lived assets to be disposed of by sale are reported at the lower of carrying amount or fair value less cost to sell. As of March 31, 2021, the Authority has not recognized any reduction in the carrying value of its fixed assets when considering AU 360.

Other Post Employment Benefits

The Authority adopted Governmental Accounting Standards Board (GASB) Statement, No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pension other (OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The adoption of this Statement had no impact on the Authority's financial statements.

Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from employer after the measurement date but before the end of the employer's reporting period. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources until that time. These inflows consist of unamortized portion of the net difference between projected and actual earnings on pension plan investments.

NOTE B – CASH AND CASH EQUIVALENTS

HUD requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC/FSLIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority. It is the Authority's policy to maintain collateralization in accordance with the requirements of HUD. Authority cash balances are covered by the Federal Deposit Insurance Corporation up to \$250,000 with the balance being covered by the Governmental Unit Deposit Protection Act of the State of New Jersey.

Cash and cash equivalents (including tenant security deposits) of \$1,021,721 and \$930,343 at March 31, 2021 and 2020, respectively consisted of the following:

	2020	2020
Checking accounts	\$ 998,899	\$ 909,890
Security deposits	22,772	20,403
Petty cash	50	50
	<u>\$ 1,021,721</u>	<u>\$ 930,343</u>

The carrying amount of the Authority's cash and cash equivalents as of March 31, 2021 was \$1,021,721 and the bank balances were \$930,443.

Current tenants' back rent	(10,712)	(110)
	<u>\$ 15,407</u>	<u>\$ 2,756</u>

NOTE D – PROPERTY AND EQUIPMENT

Capital acquisition and construction are capitalized as fixed assets and depreciated over the estimated useful life of the asset. All purchased fixed assets are valued at cost. Donated fixed assets are valued at the estimated fair market value on the date received. Cost of repairs and maintenance are expended as incurred. Proceeds from the disposal of fixed assets are recognized in the period received. The following is a summary of changes in general fixed assets for the fiscal year ended March 31, 2021:

	Balance April 1, 2020	Additions	Disposals	Transfers /Other	Balance March 31, 2021

March 31, 2021 and 2020

NOTE E – PAYMENT IN LIEU OF TAXES (PILOT)

Under federal, state, and local law, the Authority's programs are exempt from income, property and excise taxes. However, the Authority is required to make payments in lieu of taxes (PILOT) for the low-income housing program in accordance with the provisions of a Cooperation Agreement. Under the Cooperation Agreement, the Authority must pay the municipality the lesser of 10% of its net shelter rent or the approximate full real property taxes. During the fiscal years ended March 31, 2021, 2020, 2019, 2018 and 2017, the City was entitled a PILOT of \$14,027, \$15,671, \$16,770, \$13,813 and \$16,396 respectively.

NOTE F – ACCRUED COMPENSATED ABSENCES

Employees are entitled to accumulated sick leave and vacation leave earned in accordance with the Authority's Personnel Policy. Employees may be compensated for accumulated vacation leave in the event of retirement or termination from service. Sick leave may not be compensated at retirement or termination from service. Vacation leave is payable to the maximum of 60 days accrued plus the current year. The Authority's maintenance employee retired during the fiscal year ending March 31, 2021. As a result, the Authority has determined that the potential liability for accumulated leave is \$0 at March 31, 2021 and \$15,241 at March 31, 2020.

NOTE G – PENSION PLAN

The Authority participates in Public Employees Retirement System (PERS), a cost sharing, multiple employer defined benefit pension plan administered by the Divisions of Pensions within the Department of Treasury, State of New Jersey. The PERS was established in January 1955 under the provision of N.J.S.A. 43:15A to provide coverage, including post-retirement healthcare, for substantially all full time employees of the state, its counties, municipalities, school districts or public agencies, provided the employee is not a member of another state administered retirement system. Membership is mandatory for such employees.

The vesting and benefit provisions for the PERS are set forth by N.J. S.A. 43:15A and 43:3B. The PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The Authority participates in the State of New Jersey, Public Employees' Retirement System.

HOUSING AUTHORITY OF THE TOWNSHIP OF FLORENCE
NOTES TO FINANCIAL STATEMENTS

The following represents the membership tiers for PERS:

- 1) Tier 1 – Members who enrolled prior to July 1, 2007.
- 2) Tier 2 – Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
- 3) Tier 3 – Members who were eligible to enroll on or after November 22, 2008 and prior to May 22, 2010.
- 4) Tier 4 – Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
- 5) Tier 5 – Members who were eligible to enroll on or after June 28, 2011.

Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit as defined. The contribution policy is set forth by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994 and Chapter 115, P.L. of 1998, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by the State of New Jersey legislation. Employer's contributions are actuarially determined annually by the Division of Pensions. Required employee contributions to the system are based on a flat rate which is determined by the New Jersey Division of Pensions for the active plan members. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments, and cost of medical premiums after retirement for qualified retirees, and noncontributory death benefits. The Authority's contribution for the years ended March 31, 2021, 2020, 2019, 2018 and 2017 amounted to \$7,785, \$11,566, \$6,908, \$6,098 and \$5,889 respectively.

NET PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At March 31, 2021, the Authority reported a liability of \$116,050 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the Authority's share of contributions to the pension plan relative to the contributions of all PERS participating employers. At June 30, 2020, the Authority's collection proportion percentage was .0007116416%.

For the year ended March 31, 2021, the Authority recognized pension expense of \$7,785. At March 31, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

HOUSING AUTHORITY OF THE TOWNSHIP OF FLORENCE
NOTES TO FINANCIAL STATEMENTS
March 31, 2021 and 2020

	Deferred Outflows	Deferred Inflows
Differences between expected and actual experiences	\$ 2,113	\$ 410
Change of assumptions	3,765	48,591
Net difference between projected and actual experience	3,967	-
Changes in proportion and differences between Authority contributions and proportionate share of contributions	<u>72,839</u>	<u>98,290</u>
Total	<u>\$ 82,684</u>	<u>\$ 147,291</u>

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation:

Price	2.75%
Wage	3.25%
Rate of salary increases through 2026	2.00 – 6.00% based on years of service
Thereafter	3.00 – 7.00% based on years of service
Investment rate of return	7.00%

Mortality rates were based on the Pub-2010 General Median Income Employee mortality table, with adjustments for mortality improvements based on Scale MP-2020.

The long-term expected rate of return on pension plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Summary of asset class with target allocation and long-term real rate of return may be found on the PERS annual audit report located on their website at www.state.nj.us/treasury/pensions/gasb-68 notice.

HOUSING AUTHORITY OF THE TOWNSHIP OF FLORENCE
NOTES TO FINANCIAL STATEMENTS
March 31, 2021 and 2020

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 100% of actuarially determined contributions for the local employers. Based on these assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit to determine the total pension liability.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report which is available on the PERS website.

The following represents the Authority's proportionate share of net pension liability calculated using the discount rate of 7.00%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00) than the current rate:

	Discount Rate		
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
Authority's proportionate share of Net pension liability	\$147,236	\$116,963	\$91,274

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense as follows:

Year ending June 30:	
2021	\$ (14,562)
2022	(13,276)
2023	(7,587)

Changes in proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.16, 5.21, 5.63, 5.48, 5.57, 5.72, and 6.44 years for 2020, 2019, 2018, 2017, 2016, 2015, and 2014 amounts, respectively.

Pension expense

The components of allocable pension expense, which exclude pension expense related to specific liabilities of individual employers, for the plan fiscal year ending June 30, 2020, are as follows:

Service cost	\$	5,637
Interest on the Total Pension Liability		18,367
Member Contributions		(126)
Administrative Expenses		(4,007)
Expected investment return net of investment expenses		96
Pension expense related to specific liabilities of individual employers		(10,813)
Current recognition (amortization) of deferred outflows and inflows of resources:		(50)
Differences between expected and actual experience		1,295
Changes of assumptions		(9,539)
Differences between projected and actual investment earnings on pension plan investments		1,991
Total Pension expense	\$	<u>2,851</u>

NOTE H - PRIOR PERIOD ADJUSTMENT

Net position as of April 1, 2019 has been adjusted to correct and incorrect OPEB liability of \$40,750. The net effect was a prior period adjustment of \$40,750 which was made in 2019.

NOTE I – RISK MANAGEMENT

During the year ended March 31, 2021, the Authority's risk management program, in order to deal with potential liabilities, consisted of various insurance policies for fire, general liability, crime, auto and public-official's errors and omissions. Periodically, but not less than once annually, the Authority conducts a physical inspection of its Projects for the purpose of determining potential liability issues.

NOTE J – CONSTRUCTION COMMITMENTS

At March 31, 2021, the Authority's outstanding construction commitments pertaining to its Capital Fund Programs were not material. The costs pertaining to such commitments will be paid by grants approved and committed to the Authority by the U.S. Department of Housing and Urban Development.

NOTE K – ECONOMIC DEPENDENCY

The Project's sole asset is a 50-unit apartment project. The Project's operations are concentrated in the multifamily real estate market. In addition, the Project operates in a heavily regulated environment. The operations of the Project are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to, HUD. Such administrative directives, rules and regulations are subject to change by an act of congress or an administrative change mandated by HUD. Such changes may occur with little notice or adequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTE L – SUBSEQUENT EVENTS

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Authority, its performance, and its financial results. As a result of the Covid-19 Pandemic, on March 27, 2020 the CARES Act was signed into law. This law provided regulatory waivers and additional funding to Public Housing Authorities across the nation.

Management of the Authority has evaluated the effects of subsequent events that have occurred subsequent to the period ending March 31, 2021, and through August 11, 2021.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners of
Florence Housing Authority
Florence, NJ

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Florence Housing Authority, herein referred to as the Authority, as of and for the year ended March 31, 2021, and related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated August 11, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

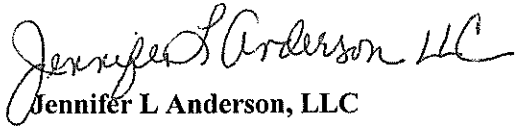

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
